

# Newborn-to-Toddler Reclining Feeding Seat

## Strap assembly

1. Flatten the anchor seam on the crotch strap. Then, feed it through the slot in the seat. From the underside of the seat, unfold the anchor seam to open. Pull up on the strap to be sure the anchor seam is firmly seated.

2. From the front of the seat, feed each side strap at an angle through the corresponding slots in the seat back.

3. From the back of the seat, pull on each anchor until completely through slot.

4. Unfold the anchor to open position.

5. Pull on each strap from front to secure.

6. Check to be sure anchors are firmly seated.
